

Internship opportunities at Pinelands High School

Pinelands High School, in conjunction with the Epoch & Optima Trusts, is delighted to offer an exciting opportunity to aspirant Mathematics and Physical Sciences teachers. Teacher internships are available for the 2024 academic year. Applications will also be considered for a possible English subject internship position.

Applicants will be planning to study for their PGCE through a recognised distance learning institution in 2024 (e.g. NWU, Stadio, Two Oceans Graduate Institute). Final selection will be dependent upon acceptance to one of these institutions.

Those already in possession of a bursary for studying PGCE in 2024 are not eligible to apply.

An internship involves:

- Teaching and Co-teaching timetabled classes at Pinelands High School throughout the year
- Involvement in other teaching and observation opportunities
- Mentoring by an experienced, qualified teacher
- Participation in extra-mural activities at Pinelands High School
- Large portion of University tuition fees and costs paid by Pinelands High School
- Receiving a small monthly stipend
- The use of a tablet for the year
- Gaining valuable, real teaching experience in a supportive, innovative environment
- The possibility of a full-time teaching post at Pinelands High School in 2025

If you wish to apply for one of the positions available, then please submit the following:

- ✓ A letter of application, addressed to the Principal;
- ✓ A curriculum vitae which includes the names of at least two referees;
- ✓ Certified copies of your degree certificates and results; and
- ✓ A reference letter written in the last two years.

Please submit these to the programme co-ordinator, Ms Carol Franck, at internship@phs.org.za or post to 'Pinelands High School, Forest Drive, Pinelands 7405'.

Closing Date: Monday 28 August 2023
